

G3 AUTO PRINTER

G3 AUTO PRINTER • Entry-Level Disc Printing

The benefits of publishing discs and printing labels for worship services, wedding ceremonies, sports events, and trainings are numerous, but outsourcing this task can be time-consuming and expensive. This is why Microboards Technology has a solution designed to meet your CD, DVD, and Blu-ray printing needs quickly, easily, cost-effectively—and in the comfort of your office.

Your entry-level printing production package, the reliable entry-level G3 Auto Printer uses HP inkjet technology to print vibrant, full-color images onto inkjet-printable discs. Designed to handle short-run volumes with a capacity of up to 50 discs, the G3 Auto Printer delivers a cost-per-disc of just 23 cents, saving you money on ink.

The G3 Auto Printer puts you in command. It sports a sleek, compact design that allows for desktop placement for easy, immediate access. Whether you're printing one disc or fifty, this device makes the task effortless. Simply set up your job, walk away, and the G3 Auto Printer does the work for you. The technology used to handle each disc is proven to reduce vibration during the printing process, creating a smoother, cleaner finished image. Proven HP inkjet technology enhances the overall image quality with text and images that look amazing, thanks to the brilliant, long-lasting color you can only get with HP Vivera inks and the highest resolution (4800 x 1200 dpi) in the industry.

Easily connect the G3 Disc Publisher to your computer via a single USB 2.0 cable and assume greater control over your digital content. The G3 provides you with the tool. And you can always count on Microboards' excellent service and technical support for any assistance you might need along the way. The G3 Disc Publisher (print and record) is also available.
